Any outstanding document, or any unsatisfied Special Condition, at the validity date may result in this offer lapsing without further notice.

Standard Terms and Conditions

These terms form part of the Letter of Offer. Defined terms have the meaning given in the Letter of Offer; "Loan Documents" means the loan agreement, mortgages, guarantees and associated security documents prepared by the Lender's solicitors.

1. Acceptance

Signed acceptance of this Letter of Offer by the Borrower(s) and Guarantor(s) (together, the Obligors) constitutes acceptance of the terms set out in this Letter of Offer, including these Standard Terms and Conditions and any Special Conditions.

2. Commitment and Assessment Fees

The Due Diligence Fee, Valuation Fee and Legal Fee (the Assessment Fees) are payable on signing this Letter of Offer, by EFT to the account set out in the accompanying tax invoice. A remittance receipt must be returned with the signed Letter of Offer. The Establishment Fee, Brokerage and other settlement fees are deducted from the loan advance at settlement, as set out in the Funding Schedule.

3. Fees Earned on Acceptance

In consideration of Greenlink Capital Pty Ltd (or its assignee or nominee) assessing the application, reserving capital for the proposed facility, and engaging valuers, solicitors and other third parties, the Obligors jointly and severally acknowledge that on acceptance of this Letter of Offer: (a) the Assessment Fees are earned, due and payable, and are non-refundable; (b) on issue of formal approval, the Establishment Fee and Brokerage are earned and become payable, together with interest for the Minimum Interest Term calculated at the Lower Rate on the Loan Amount; and (c) each amount in (a) and (b) is a genuine and reasonable pre-estimate of Greenlink Capital's costs, work performed and opportunity cost of reserved capital, is recoverable as a liquidated debt, and remains payable whether or not the facility settles, including where the Obligors elect not to proceed. Greenlink Capital may deduct any unpaid amount under this clause from any advance or recover it under the charge in clause 19.

4. Indemnity for Costs

The Obligors jointly and severally indemnify Greenlink Capital against all reasonable costs, losses, charges, expenses, liabilities, fees and disbursements incurred or paid by Greenlink Capital in connection with the arrangement, documentation, assessment or proposed funding of the facility, whether or not the facility settles.

5. No Obligation to Fund

This Letter of Offer is not binding on Greenlink Capital Pty Ltd as an obligation to lend. Greenlink Capital may, at its sole and absolute discretion, withdraw or amend this offer at any time prior to settlement without cause and without notice. Withdrawal does not affect the Obligors' accrued obligations under clauses 3 and 4.

6. Limitation of Liability

To the full extent permitted by law, Greenlink Capital has no liability for any loss or damage (including financial loss, loss of profits, loss of business, or any indirect or consequential loss) arising from or in connection with this Letter of Offer or any proposed loan transaction, whether suffered by an Obligor or any other person.

7. Rates Indicative Until Approval

The interest rates quoted are subject to change on assessment of the application and until formal approval issues. Retained or prepaid interest figures are estimates only; final calculations will be confirmed at formal approval.

8. Blended Rate

Where the facility comprises first and second mortgage components, a blended rate may be applied to calculate the monthly interest payment, representing the average rate across the total loan amount.

9. Own Enquiries

The Obligors acknowledge they rely solely on their own investigations and the advice of their own financial advisers, accountants and solicitors regarding the proposed transaction, and not on any representation by Greenlink Capital.

10. Insurance

The Obligors must always maintain insurance over all secured properties, in form and amounts acceptable to Greenlink Capital, noting Greenlink Capital Pty Ltd (and/or its nominee) as mortgagee.

11. Certificate of Understanding

If any Obligor indicates they do not fully understand this Letter of Offer, Greenlink Capital may require a certificate from an independent interpreter or adviser confirming the Obligor understands their obligations and liabilities before proceeding.

12. Valuations

All valuations must be obtained as instructed by Greenlink Capital Pty Ltd or its authorised nominee, with payment made as directed. Valuations are obtained for the Lender's benefit and may not be relied on by the Obligors.

13. No Dealing with Security

The Obligors must not alter, further encumber, sell, transfer or otherwise deal with any security property in a manner that would diminish its value or affect the Lender's security, without the Lender's prior written consent.

14. Early Repayment

If the loan is repaid before maturity, interest will be rebated for the unexpired term, excluding interest applicable to the Minimum Interest Term, unless otherwise agreed in writing by the Lender.

15. Legal Costs

The Obligors must pay all legal fees and disbursements associated with the preparation, negotiation, execution, registration and (if applicable) discharge of the loan and security documentation.

16. Ongoing Review

The Obligors' financial position and the progress of the exit strategy may be reviewed during the loan term. The Obligors must provide reasonable information and documents on request. Dates for scheduled reviews, if any, are set out in the Special Conditions.

17. Time of the Essence

Time is of the essence in all matters relating to this Letter of Offer and the Loan Documents.

18. Agency on Default Sale

If, following an event of default, a security property is to be sold by the Obligors, the appointment of any real estate agent is subject to the Lender's approval.

19. Charge and PPSR

As security for payment of all fees, charges, costs, interest and expenses payable under this Letter of Offer or the Loan Documents, each Obligor jointly and severally charges in favour of Greenlink Capital Pty Ltd all of their present and after-acquired right, title and interest in real and personal property, including the proposed security property. Each Obligor consents to Greenlink Capital lodging a caveat over any real property and registering a security interest on the Personal Property Securities Register, in respect of this charge, and appoints Greenlink Capital its attorney for that limited purpose. This clause survives withdrawal of this offer and non-settlement.

20. Set-Off and Deduction

Greenlink Capital may set off or deduct from any advance, or from any amount otherwise payable to an Obligor, any amount due and payable by the Obligors under this Letter of Offer.

21. Nominee and Assignment

Greenlink Capital may act through or assign or novate its rights under this Letter of Offer and the Loan Documents to, any nominee, assignee, agent or funding entity, who shall have full authority to act on the Lender's behalf, without the consent of the Obligors.

22. Electronic Execution and Counterparts

This Letter of Offer may be signed electronically (including by Docusign or similar platform) and in counterparts, and electronic execution has the same effect as wet-ink execution. A scanned, photographed or electronic copy of a signed page is admissible as an original.

23. Severability

If any provision of this Letter of Offer is void, unenforceable or illegal, it is severed, and the remaining provisions continue in full force.

24. Governing Law

This Letter of Offer is governed by the laws of New South Wales. The parties submit to the non-exclusive jurisdiction of the courts of New South Wales.

Borrower / Guarantor Acceptance

By signing this Letter of Offer, the Borrower(s) and Guarantor(s) accept the terms set out in it, including the Standard Terms and Conditions, the Special Conditions, and the declarations in the Loan Purpose and Exit Strategy sections and agree to be bound by them.

Each signatory acknowledges that Greenlink Capital has recommended they obtain independent legal and financial advice before signing, and confirms they have had the opportunity to obtain, and where desired have obtained, that advice.

About Greenlink

Built on Structure.

Greenlink was built with one simple goal: make non-bank lending easier and more convenient for brokers, and faster and more rewarding for borrowers.

After seeing too many good deals delayed by rigid policies, slow turnaround times and unclear communication, we created a lender that focuses on speed, common-sense credit, and certainty of execution. We are an Australian-owned team with a hands-on approach to lending. Brokers deal directly with decision-makers, receive clear feedback early, and can rely on a practical, solutions-focused process from first call through to settlement.

At Greenlink, we back quality transactions with disciplined credit and straightforward structures, so you can move with confidence and deliver outcomes for your clients.

What we lend on

Prime, Prime Elite & Prime Max. Residential lending from simple suburban security to \$50 million of residential scale. Simple residential finance, done right — then elevated.

Core & Enterprise. Commercial lending from \$1 million corner-shop security to \$25 million of serious assets. Commercial finance made simple.

Velocity. Fast lending across residential, commercial, vacant land and development sites — capital, without delay, when the deadline is real.

Balance. Second mortgages to \$10 million. Flexible capital, precisely positioned behind your existing lender.

Bring us the hard scenario. If the deal is right but the structure is wrong, send it through.
